Smart Band

English

**[Component]**

■ Main device

■ Cradle

■ Micro 5 Pin Cable

■ User Manual

**[Instruction]**

■ Separate SmartBand from the cradle

Open the front cover of the cradle and detach SmartBand.

■ Activate SmartBand from Sleep mode

Press the button for 5 sec. to activate SmartBand. Press it until SmartBand displays numbers (3-2-1 in order) then an arrow.

■ Download and Install Application

Search SKT Smartband at the application store on Smartphone, then download the SmartBand application.

• QR code for quick installation is on the last page of the manual.

■ Connect SmartBand to Smartphone

1. Turn on Bluetooth on Smartphone and sign into SmartBand application.
2. Press Connect to the device button, to synchronize SmartBand.

**[Features]**

■ Each click changes the LED display (Watch, Life Score, Battery and Camera).

**[Watch]**

Time is displayed in 24-hour basis. (ex. PM 10:00 is displayed as 22:00)

**[Activity Point]**

Activity point shows the progress toward the user's daily goal in percentage.

**[Charging]**

■ Charging SmartBand

Open the front cover of the cradle and place SmartBand to the charging terminals on both SmartBand and the cradle are aligned. Then close the front cover and connect the cradle to either computer or outlet with the Micro 5 Pin cable. Band can be rolled over the backside of the cradle.

While charging, the display shows the time and the battery charging status.

If SmartBand becomes completely discharged, the time becomes initiated to 00:00. SmartBand can be re-activated after the synchronization with the App, once charged.

■ Charging Smartphone and other devices.

The charging cradle can be used as a portable battery via USB port on the side for other devices including Smartphone. USB Cable in the image is not included in the package.

**[Specification]**

Size : 55.8 x 20.4 x 7.6 (W x L x H)  
Color : Black, White, Red, Blue  
Weight : 20.5g  
Material : Main frame - PC, Band - TPU  
Functions : Activity Tracking - running, walking, fast walking, step count, sleep analysis, calorie consumption  
Phone alert - call, message, SNS e-mail, iMessage  
Send your heart, Watch, Remote selfie control  
Power : 65mAh Lithium polymer, 2 hr charge time via cradle, Battery Life 5~7 days  
Bluetooth : V.4.0 (Bluetooth Low Energy)  
Hardware : 3-Axis Accelerometer, vibration motor, LED matrix (7x13), Cortex M3 (ARM CPU), Activity tracking algorithm  
Relative Humidity : Splash proof  
Compatibility : Samsung Galaxy S3~S5, Galaxy Note 2~4, Edge LG G2, G3, Nexus 4,5,7/2013, HTC ONE, Moto X Android 4.3 BLE devices and above
